**Objective:** Looking for an Internship/Co-op job to practice engineering skills in chemical and oil/gas field. Long-term goal is to be a practical chemical engineer in the field.

**Education:** University of Houston 4800 Calhoun, Houston, Texas 77204.  
Major/ Minor: Chemical Engineering/ Math.  
Level: Junior. Credit hours completed: 60  
Overall GPA: **3.99**  
Major GPA: **4.00**  
**Major courses taken:** Chemical Process, Computing for Engineering, Thermodynamics I & II, Numerical Techniques for Chemical Engineering and Fluid Mechanics.  
**Major courses in progress:** Topics in Physical Chemistry, Process Modeling and Control, Unit Operations and Chemical Engineering Transport Processes.

**Experience:** **Math Tutor** University of Houston, Texas since Fall 1999 until now.  
Tutor students Math from beginning up to 2000 level courses.

**Skills:** Computer knowledge:  
Software: Ms Word, Excel, PowerPoint, MathCAD, MathLab and Mathematica.  
Language: Fortran.

**Honors** **Dean's List:** All semesters  
**Scholarships:**  
Scholarship recipient from Lubrizol company for Fall/Spring 1999-00 years.  
Scholarship recipient from Cullen College of Engineering at UH in Spring 2000.

**Interest/Activities:** Member of Tau Beta Pi - Fall 2000  
Member of American Institution of Chemical Engineers (AIChE) – Fall 1998.  
Peer advisor of International Student and Scholar Services Office (ISSSO) - Spring 1999.  
Member of Vietnamese International Students Organization (VINS) – Spring 1999.
