Objective: Looking for an internship or a job position that will aide in my pursuit for a career in Electrical and Computer Engineering and to become more familiar with professional environment.

Experience:

- 02/1999 – Present: Psychology Department, University of Houston
Data entry and process. We have worked for a wide-States child Reading research.
My task, as in a group, is to entry, process, and verify data electronically.
- 02/1998 - 03/1998: Matrixx Marketting
Software technical support for GateWay system. Answered customers' calls to give computer troubleshooting (hardware as well as software)
- 1995 – 12/1998: Wallpaper Depot, Houston TX 77082
Data entry, networking check up and maintenance. I was responsible for testing or running networking connection cable, and solving problems when the network server was down.

Education:

- 1997-Present: University of Houston
Major: Electrical and Computer Engineering.
UH Average GPA : 3.4
Expected graduation : May 2001
